CERTIFICATIONS

HACKERRANK

Problem solving (Basics)

CODING NINJAS

Data Structures and Algorithms in C++

GEEKSFORGEEKS

SQL 4 week Course

NPTEL

Introduction to Programming in C

GATE - 2020 (IIT DELHI)

Achieved All India Rank - 773 (IN)

TECH SKILLS

PROGRAMMING LANGUAGES

C • C++ • JavaScript

WEB DEV TECHNOLOGIES

HTML5 • CSS • Node.JS • React.JS
Express.JS • Bootstrap

DATABASES

NO-SQL • SQL • Mongo.DB

COURSEWORK

DBMS • OS • Computer Networks
OOPs Concepts • Git and Github

PROJECTS

HIREHUB | PLACEMENT MANAGEMENT SYSTEM

- Built a placement management system application that streamlines the job posting and application process.
- Technology Stack Used: **MongoDB, Express.js, Node.js, REST api, GIT and GITHUB, Bootstrap, etc.**
- Personalized dashboard for each user to view their resume statistics, application history, and job alerts.

STAYSENSE | HOTEL POSTING AND BOOKING

- Designed and developed a comprehensive hotel posting and booking website to facilitate seamless booking processes in the hospitality industry.
- Integrated a **registration and login system** for the guests to create and manage their profiles and bookings.
- Integrated several other functionalities like **upvote / downvote, file upload, map embeds, advanced search**, and filter functionality.

NEWSWIRE | DYNAMIC NEWS POSTING WEBSITE

- Created a user-friendly and responsive interface for easy navigation and seamless browsing of news articles, categories, and featured content.
- Integrated multimedia elements**, such as images, videos, and info-graphics, to enhance the visual appeal and engagement of news content.

EXPERIENCE

CAPGEMINI TECHNOLOGIES | SOFTWARE ENGINEER (FULL TIME)

August 2022 – Present | Mumbai, India

Working with Cloud Infrastructure Use Case Development team. In developing logic for detection of cyber security threats for various cloud platforms such as **AWS, Azure, GCP**, etc. Also, worked on **MITRE Attack tactics** and techniques.

CODING NINJAS (ED. TECH) | DSA DOUBT SOLVER (INTERN)

Aug 2021 – Nov 2022 | Remote

Worked as an intern at coding ninjas as a **doubt solver for DSA course in C++**. Solved more than **250 doubts** for students who were currently studying and solving problems on DSA.

ACHIEVEMENTS

PROBLEM SOLVING

Solved around **1000+ problems** across all coding platforms, like leetcode, GFG, HackerRank, etc.

5 STAR ON HACKERRANK

I have Achieved **5* in problem solving** as well as in C++ on HackerRank coding platform.

BADGES ON LEETCODE

Earned two badges on leetcode, **Data Structure - 1** and **100 Days badge 2022**.
